Number of Households – 16,840

How many households are struggling?

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the area (the ALICE Threshold). Combined, the number of ALICE and poverty-level households equals the total population struggling to afford basic needs.

Why do so many households struggle?

The Household Survival Budget reflects the bare minimum that a household needs to live and work today. It does not include savings for emergencies or future goals like college. In 2016, costs were well above the Federal Poverty Level of \$11,880 for a single adult and \$24,300 for a family of four.
